

	Plan 1 "TUNE UP"	Plan 2 "SHIELDS UP"	Plan 3 "BACK UP"
QUARTERLY REMOTE PC CHECKUP			
Every 3 months, BRETT-TEK will remotely check your PC and go through a checklist ensuring your computer is running optimally and up-to-date.			
<i>Optimize system. Clean up and speed up PC</i>	•	•	•
<i>Check for unusual/unwanted activity</i>	•	•	•
<i>Update Windows and other important software</i>	•	•	•
PC SECURITY			
BRETT-TEK provides commercial-grade antivirus & security software where we are alerted whenever an attack is attempted on your PC. Optionally, account information is stored for your records.			
<i>Includes monitored antivirus & firewall protection software</i>		•	•
<i>Secure email and other online accounts (Facebook, online banking, etc.)</i>		•	•
<i>Optional offline record of client's information</i>		•	•
DATA PROTECTION			
BRETT-TEK creates a scheduled backup of your information onto a provided external hard drive, and checks it quarterly to ensure backups are correctly taking place.			
<i>Includes external backup device</i>			•
<i>Schedule backup of client's personal PC data</i>			•
<i>Verify backup process is taking place throughout the year</i>			•
REMOTE DIAGNOSTIC SUPPORT			
<i>Secure remote access to PC for immediate diagnosing and resolving minor issues</i>	•	•	•
SERVICE RATE DISCOUNT
